FONTANA VILLAGE HALL MEETING ROOM , 175 VALLEY VIEW DRIVE

Come take part in developing the community's vision for the future by participating in an interactive workshop hosted by the Village of Fontana and their planning consultant, Vandewalle & Associates.

What is a Comprehensive Plan?

Over the next year, the Village of Fontana will be working on its 10-year update of the Comprehensive Plan. The purpose of the plan is to provide a roadmap for the Village's next twenty years, touching on ten different topic areas that include economic development, land use, transportation, historic preservation, water resources, and several others. In addition, the document contains topic-specific goals, objectives, policies, and recommendations, as well as a community-wide vision and an action plan to help prioritize future projects.

Current Comprehensive Plan

The 2009 Village of Fontana Comprehensive Plan is available to view and download from the Village's webpage at: www.villageoffontana.com/wp-content/documents/VOFFinalAdoptedPlan110909.pdf
