Re: Village of Fontana-on-Geneva Lake Safety Building Request for Proposal

To All Interested Parties:

Thank you to those who attended the Village of Fontana Public Safety Building (PSB) walk-through on March 18, 2025 or have expressed interest in submitting a proposal. Due to the broad scope of the Public Safety Building Request for Proposal (RFP), we received many follow-up questions which ultimately led us to determine the RFP released on February 21, 2025 was too broad. To make this a fair process, we are withdrawing the current RFP in order to narrow the scope of the project. We will proceed with a separate location site study and once a site has been selected, we intend to release a new RFP for the chosen location.

Thank you for your interest in this project. We hope you will submit a proposal for the new Safety Building RFP that will be issued in the coming months.

In the meantime, please feel free to reach out with any questions.

Sincerely,

A handwritten signature in black ink that reads "Theresa Loomer".

Theresa Loomer
