

April 5, 2024 Project Update

2024 Street and Utility Improvements

Village of Fontana-on-Geneva Lake

Construction has commenced on the 2024 Street and Utility Improvements project. Remember to **SLOW DOWN in Construction Zones** and take extra precautions around construction crews, pedestrians, as well as material & equipment stored within and around the work zones. Follow all posted construction signage and/or detours.

Construction work over the next couple of weeks will focus on the section of Shabbona Drive between Big Foot Country Club and Church Drive as highlighted in blue below. **NO THRU TRAFFIC** will be allowed within this area so please plan accordingly.

The anticipated construction schedule may be adjusted because of inclement weather or other factors outside of the Contractor's control. Work by private utilities such as gas, electric, phone and cable are not part of the Village's Contract and are not incorporated in the above schedule. Feel free to contact Village Hall at (262) 275-6136 with any questions.
