Categories: Follow Up

Good morning Ms. Loomer, The Department has reviewed your ordinance amendments and determined that there is no formal Department review that needs to be engaged regarding the changes. This statement is applicable to the Waterway portion of the ordinances submitted. Please let me know if you have any questions.

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.

Hi Travis –

I am just following up on the email sent October 4, 2018 regarding an ordinance change for the Village of Fontana. Please let me know if there is anything more I need to do or any way that I can help speed up the review process.

Thanks,

Theresa Loomer, WCMC

Subject: RE: Ordinance Amendment

Hi Travis –

The Village of Fontana voted on October 1, 2018 to pass Ordinance 100118-01 amending Municipal Code Section Chapter 54: Public Waters and Beaches.

To detail the changes – Chapter 54-125(a)(2) amends the requirement of a certified survey and instead requires a scaled riparian site plan as part of the application. In addition, the section modifies the distance from other moorings, piers, adjoining property, boat traffic lanes, and swimming or bathing areas from 500-feet to 200-feet. It further states that a survey shall be required for moorings proposed closer than 35 feet to the property riparian lines or in other circumstances as required by the Village.

Amendments to Chapter 54-86(b)(7), 54-125(a)(2)(g), 54-125(a)(1) and 54-86(a)(1) all indicate that a signed cost recovery agreement must be included as part of a pier permit or mooring buoy application and any related fees are required to be remitted by the applicant to the Village. Adding cost recovery was the real catalyst to amending the ordinance.

Attached are copies of newly adopted Ordinance 100118-01, and code sections 54-86 and 54-125 as they were written prior to the adopted amendments. I have highlighted the modifications or additions so they are easy to find.

Please let me know whether the ordinance amendments require DNR approval prior to going into effect.

Thank you,

Theresa Loomer, WCMC

Travis,

Could you please do me a favor and touch base with Theresa from the Village of Fontana. She is copied on this email with her request below. Theresa has worked very well with the DNR and any help you can offer would greatly be appreciated. Please, call if you have any questions.

Mike

Subject: Ordinance Amendment

Hi Mike: I am hoping you can point me in the right direction on where to send this – We made a revision to the section in our Ordinance book that deals with moorings, watercraft and piers (on Geneva Lake). Our village attorney has said the ordinance revision needs to be sent to the DNR for approval (or basically to determine if the change is something the DNR would need to review and permit). I am not sure where to send the ordinance to. Do you have a contact I could get in touch with or an address where the amended ordinance could be sent?

Thank you,

Theresa Loomer, WCMC
