

# RESIDENT PARKING PASSES

Your **Resident Parking Pass (F Sticker)** must be permanently affixed to the lower driver's side corner of your vehicle's rear window and is required to be located on the exterior of your vehicle. The sticker must be clearly visible to parking enforcement staff. These stickers are not transferable from one vehicle to another.

If your vehicle has a valid **Resident Parking Pass**, there is no charge for parking in the pay to park spaces, which are indicated with yellow boxing on the attached map.

Vehicles without a Resident Parking Pass visible, or a parking pass left on the dash will be ticketed. **NO EXCEPTIONS.**
