May 20, 2021 Project Update

South Lake Shore Drive Reconstruction

Village of Fontana-on-Geneva Lake

The South Lake Shore Drive project is nearing completion. This will be the last weekly update provided by the Village.

All roadways have been paved and all underground utility work is complete. Pavement striping crews are scheduled to be onsite tomorrow and possibly Saturday to finish pavement marking on Phase 4 as well as touching up all of the striping throughout the project. The road detour is expected to be removed early next week and all phases of the project will be open to full traffic.

We expect some minor project punch list work in the coming weeks including restoration repairs, but do not anticipate any full road closures or detours. We appreciate your patience and understanding during this substantial Village project. Stay safe on the new roads and have a great summer.

Feel free to contact the Village at (262) 275-6136 with any questions.
